## HOUSEKEEPING: SECURITY WARNING

Glen Eira council has issued security warnings to all of their tenanted properties regarding an increase in break ins and theft – as advised to all members

Recently the Club grounds have been left unlocked. Our very expensive greens are vulnerable to vandalism, and personal belongings in the bowls shed as well as the Clubhouse with so many valuables inside, are easier targets for break ins.

We need to remind everyone of the procedures to lock up. Each of us has keys to the grounds (and others also have keys to the Clubhouse and Bar), so it is our personal responsibility to ensure we lock up diligently. These steps are VERY IMPORTANT for the safety of all of our precious belongings and the Club in general.

- Please make sure the back gate is closed during all tea and lunch breaks. Hundreds of bags are lying outside and totally unattended.
- If you are there with only a few people, be absolutely sure the gates are closed before you leave. You need not be the last person. Remember some people leave via the front or back gate; so we can't assume they will shut the gate after us if they are leaving the other way.
- For those members with keys to the Clubhouse please make sure that lights and air conditioning is turned off, alarm is set and front and back gates are closed when you leave.

In many instances the lights and air conditioning is left on. The costs to the Club (and us all) are terribly wasteful.

- If the alarm is accidentally activated please send a text to Colin Luber (0407806574) immediately so he can advise the security company.

Thank you in advance for your cooperation

Colin Luber

## A TRUE STORY.

This incident happened on Friday morning. I like to have a roll up early about dawn, because my cat , Jasper, gets me up then, its breakfast time , " feed me now" he meows. So I did and I got to Armadale about 6am, just as it was getting light. I put the jack down on the 2 meter mark and bowled two bowls. Just as I was about to bowl the third bowl I looked down toward the jack and I was surprised to see a large fox bouncing around sniffing at my bowls. I put the third bowl down and the fox was dancing around chasing after the bowl. As I was about to put down my fourth bowl, the fox grabbed the jack and proceeded to run away with it. I yelled out and he dropped the jack into the ditch. I thought he was gone. I then went down the other end to bowl my bowls back, and I remembered I had not put my name down for Wednesday Triples. I went off to do so and when I got back I saw my bowls were there , but the jack had disappeared This time the cunning fox had decided to make off with my jack, I presume he thought it was an egg. I wonder if he ate it and if he did, was able to pass it (ouch).

## CARTOONS OF THE WEEK.

## JOKES OF THE WEEK

Pharmacist to a customer: Sir, please understand, to buy an antidepressant pill you need a proper prescription. Simply showing your marriage certificate and wife's picture is not enough.

Wife: I wish I was a newspaper so I'd be in your hands all day.

Husband: I too wish that you were a newspaper... So I could have a new one every day.

## HOW THE INTERNET STARTED, ACCORDING TO THE BIBLE

Please do not Google or check this with Snopes. They will lie to you. Trust me!

In ancient Israel, it came to pass that a trader by the name of Abraham Com did take unto himself a healthy young wife by the name of Dorothy. And Dot Com was a comely woman, large of breast, broad of shoulder and long of leg. Indeed, she was often called Amazon Dot Com.

And she said unto Abraham, her husband, "Why dost thou travel so far from town to town with thy goods when thou canst trade without ever leaving thy tent?"

And Abraham did look at her as though she were several saddle bags short of a camel load, but simply said, "How, dear?"

And Dot replied, "I will place drums in all the towns and drums in between to send messages saying what you have for sale, and they will reply telling you who hath the best price. The sale can be made on the drums and delivery made by Uriah's Pony Stable (UPS)." Abraham thought long and decided he would let Dot have her way with the drums. And the drums rang out and were an immediate success. Abraham sold all the goods he had at the top price, without ever having to move from his tent.

To prevent neighbouring countries from overhearing what the drums were saying, Dot devised a system that only she and the drummers knew. It was known as Must Send Drum Over Sound (MSDOS), and she also developed a language to transmit ideas and pictures - Hebrew to the People (HTTP).

And the young men did take to Dot Com's trading as doth the greedy horsefly take to camel dung. They were called Nomadic Ecclesiastical Rich Dominican Sybarites, or NERDS. And lo, the land was so feverish with joy at the new riches and the deafening sound of drums that no one noticed that the real riches were going to that enterprising drum dealer, Brother William of Gates, who bought off every drum maker in the land. Indeed he did insist on drums to be made that would work only with Brother Gates' drum heads and drumsticks.

And Dot did say, "Oh, Abraham, what we have started is being taken over by others." And Abraham looked out over the Bay of Ezekiel, or eBay as it came to be known. He said, "We need a name that reflects what we are."

And Dot replied, "Young Ambitious Hebrew Owner Operators." "YAHOO," said Abraham. And because it was Dot's idea, they named it YAHOO Dot Com.

Abraham's cousin, Joshua, being the young Gregarious Energetic Educated Kid (GEEK) that he was, soon started using Dot's drums to locate things around the countryside.

It soon became known as God's Own Official Guide to Locating Everything (GOOGLE).

That is how it all began. And that's the truth.

I would not make up this stuff.
